Hector Street and Wolumba Street Bridge Replacements

Dear resident and/or business owner

We would like to inform you of work planned to be undertaken on Hector and Wolumba Streets, Chester Hill (see map on reverse side).

Works will be completed one bridge at a time with Hector Street Bridge commencing first.

Work being undertaken:

- Demolition of existing bridges;
- Earthworks, drainage system upgrade and service relocations;
- Construction of retaining walls, footpaths, driveways, kerbs, gutters and traffic islands; and
- Construction of new, wider bridges with new asphalt pavement, linemarking and signage.

Timing

Stage 1: Work on Hector Street Bridge to commence in May 2020 and is anticipated to be completed in October 2020 – weather permitting.

Stage 2: Work on Wolumba Street Bridge is expected to commence in October 2020 and is anticipated to be completed in March 2021 – weather permitting.

Altered conditions

The bridge will be closed in both directions for the duration of their respective works.

Traffic control measures with detour routes for all vehicles will be in place 24 hours/day (see attached information). On street parking and local access will be affected during works. We apologise for any inconvenience caused during the construction of these improvements.

This project is jointly funded by Cumberland City Council and Canterbury Bankstown Council.

CBC is managing the works on behalf of both Councils.
