

YOUR RATES AT WORK

22 Homelea Avenue Panania, former bowling club site

Last year, Council ran an Expression of Interest (EOI) process for the future community use of the former bowling club site at 22 Homelea Avenue, Panania. Unfortunately this process was not successful.

In considering the best way forward, Council has decided to return the site to open space. This decision means there will be more recreation space for residents to enjoy a range of outdoor activities.

As part of the works, the main building and bowling greens will be demolished and the site turfed. There will also be some minor landscaping works. The existing car park will be retained.

What next?

- Council will hold a drop in information session onsite on **Sunday 26 July 2020 10am-12pm** for those interested in learning more about the proposed works.
- The old building will be demolished and the area returned to open space as part of the 2020/21 capital works program.

To have your say on proposed works, visit **[cb.city/haveyoursay](https://www.cb.city/haveyoursay)** by **Friday 31 July 2020**.

In 2020/21, we are investing more than \$78 million on 183 projects, including \$16.3 million on our parks, playgrounds and sporting facilities.
