15 Close Street, Canterbury

In 2013 the bowling club located at 15 Close Street ceased operation and the site was handed back to the former Canterbury Council. Since then, the site has had little community use.

Recently, Sydney Metro entered into a four year lease for the use of the site as a works compound for the construction of the Sydenham to Bankstown Metro. Due to the poor condition of the former bowling club building, it will need to be demolished before the land is returned as open space to the City of Canterbury Bankstown.

This decision reflects a commitment by the Council to preserve the land and ensure it is retained as open space.

It is important we start planning now for the future of the site.

To help shape this space, Council would like hear your ideas for the revitalisation of this important piece of open space.

Renaming to 'Jack Munday Park'

In May this year, Council acknowledged the passing of Jack Munday and resolved to seek community feedback on the proposal to rename a local park in recognition of his commitment to open spaces, parks and the environment.

Following a review of possible sites, 15 Close Street Canterbury was identified as a possible location. The site represents an ideal tribute to Mr Munday in the future with the proposal to rename the site 'Jack Munday Park'.
