

PARRY PARK, LAKEMBA

Parry Park Playspace Construction

Council has finalised the design of the playspace based on feedback received during last year's consultation and is currently commencing the construction stage of the project.

Timing

Work will be commencing soon, due to current COVID-19 outbreak please visit **cb.city/projects** regularly for updates. Our work hours will be between 7.00 am and 5.00 pm (Monday to Friday) and from 7.00 am to 1.00 pm (Saturdays).

Details of Work Activities

- Site preparation; excavation of site and construction of stormwater pipes and drainage
- Construction of footpaths and irrigation system
- Construction of the amenities building
- Construction of playspace
- Tree and shrub planting
- To see Parry Park Masterplan visit:

How Work Will Affect You

During construction fenced areas will be closed to the public. There will be additional truck movements in and around the area. Partial road and footpath closures are expected however, traffic controllers will be on site to assist vehicles and pedestrians travel safely through the area. There will be no parking next to the work site. Work may be loud. At times surrounding areas may be affected by dust. **Our crews will comply with all NSW Health COVID-19 regulations while they carry out work.**

As working conditions can change quickly, Council recommends checking **cb.city/projects** regularly for updates to this project.

PARRY PARK, LAKEMBA

Final Design of Playspace

NOTES:

- 1 **Hill slide and climbing play**
Provide a series of playing mounds in different height with a variety of climbing options and entertainment slide.
 - 2 **Sand & water play**
Provide access to sand, water, bio-swale and sandstone logs that are sensory focused and natural elements to stimulate senses for a range of abilities and ages.
 - 3 **Shelter & BBQ**
Provide picnic shelter, accessible BBQ and accessible picnic table set that are adjacent to sand and water play area.
 - 4 **Children's cycle track**
Provide cycle track with directional markings and sensory surfaces for a range of abilities and ages.
 - 5 **Kids cycle pump track**
Provide challenging terrain with bumps, dips and level changes.
 - 6 **Turfed mound**
Passive lawn area for rest and quiet play and high point to overlook the playground.
 - 7 **Multiplay (Adventure play) / Dynamic Play**
Play zone with the landmark play structure, swings and spinner to provide multiple play opportunities (both comfortable and challenging) to engage kids with different ages and ability levels.
 - 8 **Seating area**
Provide a variety of seating opportunities for carer to rest and overlook the playground.
 - 9 **Amenities**
Accessible toilet and feature change facilities.
 - 10 **Bush experience/ Balance play/ Unprogrammed play**
Provide a quieter discovery-imaginative play area in a bush experience setting with discovery, imaginary and sensory elements and balancing play.
 - 11 **Informal kick-about space**
Provide opportunities for unstructured play and connections to local environment.
 - 12 **Bio-swales**
Manage stormwater from Koala Rd and provide natural play opportunities.
- Main entrance to playground**
Provide main entrance to playground at Plasto St and Koala Rd intersection with kerb extension.
- Secondary entrance to playground**
Provide accessible car park bays adjacent to existing park entry.
- Secondary entrance to playground**
Secondary park entry conjunction with new shared path along Koala Road.
- Minor entry**
