

# Deepwater Park Play Space Concept

## Legend

- 1 Whale Play Unit**  
Whale climbing unit with slide, hang-out spaces and imaginative play.
- 2 Viper Swing**  
Large rope momentum swing designed to accommodate 3/6 users.
- 3 Sway-Fun**  
An all-inclusive glider allowing room for multiple wheelchairs and other passengers.
- 4 Sandstone Imaginative Nature Play**  
Sandstone plinths of varying sizes (non-climbable) and textures for tactile play. Small sandstone animals to be placed throughout this area to create imagination play. Sandstone rock edging/seating surrounds
- 5 Tri-Swing**  
Three swings including a toddler seat and basket swing.
- 6 Toddler Play**  
Toddler play area with multiple sea-themed rocking pieces.
- 7 Row Boat**  
Row boat imaginative play piece.
- 8 Kids Bike Track & Tunnel**  
Cycle track with directional markings servicing a range of abilities. Traffic signals, signs and bike tunnel strategically placed throughout track.
- 9 Shelters**  
Picnic shelters providing shade and seating with accessible features.
- 10 Passive Area**  
Passive sandstone seating area built around existing trees.
