

Ruse Park waterway health project

Together with City of Canterbury Bankstown, Sydney Water is working to improve waterway health in your community. Drop by Memorial Park (opposite Ruse Park) this Saturday with the whole family and have your say on this project. There'll be plenty of friendly Sydney Water and Council staff on hand to listen to you feedback and answer any questions, and there will be a sausage sizzle and lawn games to keep the family entertained!

When: Saturday 24 March, 1:30pm to 4:30pm

Where: Memorial Park (opposite Ruse Park), near the playground on Macauley Avenue, Bankstown

If you can't make it on the day, we still want to hear your thoughts.

Visit us at sydneywatertalk.com.au before 30 March 2018 to provide your feedback.
