SALT PAN CREEK MASTERPLAN

We are planning an exciting future for Salt Pan Creek Reserve, Whitmarsh Reserve and McLaughlin Fields at Riverwood, with a long-term vision for improvements.

We are now working closely with the community to develop a draft masterplan, and want to hear how you use the three reserves and how they can be improved.

You can share your ideas for future improvements by -

- Attending one of our **community drop-in sessions** on:

Tuesday 18 September (12.30–2pm)

Wednesday 19 September (5–7pm)

Wednesday 26 September (10–11am)
