HELP US BUILD A SMART CBCITY & WIN!

The winner will receive a Flashforge Adventurer III 3D Printer for their school!

The City of Canterbury Bankstown is on a journey to discover how we can create a thriving, dynamic and real city of the future – a Smart City.

We want to know your vision for how you would like to see a Smart CBCity come to life.

Enter the competition and be in the running to win a 3D Printer for your school!

To enter, submit a 1-2 minute video on your vision for a Smart CBCity and answer the following questions:

- What does the future look like for you? Take into account technology; growing populations; scarcity of resources; and climate change.

- How should council help build that future?

Entries open Tuesday 4 March and close Tuesday 5 April 2019.
